

Evode Manirahari

Product-Minded Software & AI Engineer

PLACEHOLDER - this is not the real resume.

Replace this file with the current PDF at:

[public/Evode-Manirahari-Resume.pdf](#)

Keep the filename exactly as it is - it is linked from the navigation, hero, about page, and footer.

Then set `resumeStatus` to "available" in `content/profile.ts` to hide the pending notice across the site.
